AUDIENCE PROFILE

These donors are driven by compassion and a strong sense of responsibility for the plight of America's -- and the world's -- hungry children. They help provide food, medicine, clothing and other necessities to individuals, children and families who lack these essentials due to famine, war, poverty or natural disaster.

During their 29 year history, Feed The Children has developed and perfected a vast network to locate and distribute surplus and donated food and supplies to hungry children and their families, which is always provided to them *free of charge*. Donor's gifts keep the trucks on the road, picking up the food and delivering it wherever the need is greatest. Last year Feed The Children shipped 135 million pounds of food and other essentials to children and families in all 50 states and in 32 foreign countries.
